Dear Brad

Re: Canada Bay Club Gaming Room

Thank you for your excellent work during the Covid-19 Shutdown period. We consider that our Gaming Room is now “best in class” within our competitive set.

We have been deeply impressed with your capacity to mobilise in a very narrow timeframe. Furthermore, your organisation demonstrated significant agility as the changes to shutdown were announced. This clearly culminated in the Club reopening significantly earlier than we had ever imagined. Your response showed your commitment, to our outcome. You ensured that your subcontractors lived up to the promises that you made. The finished product is a wonderful testament to your diligence and craftsmanship. We hope you are as proud of the Gaming Room as we are.

All of us at Canada Bay Club look forward to the opportunity of working with you again. We have no hesitation in recommending you to other venues. Should a prospective client wish to discuss your suitability to fulfil their needs, please pass my contact details to them.

We wish you every success with your next project.

Kind Regards

Douglas Kirkham ACCM JP
Chief Executive Officer
Canada Bay Club
